## Introduction

Welcome to the NAHREP® Branding Guide. Carefully controlled use of our logo and colors is highly effective in communicating the strengths of our organization. This document provides guidance on how the NAHREP logo and colors should be used for print and digital applications.

## Approvals

For avoidance of doubt regarding usage of any branding, design, or logos, in either digital or print, requests must be submitted to NAHREP for approval prior to distribution. This includes but is not limited to the following:

### Print

- Flyers and Save the Dates
- Program Booklets
- Sponsorship Packets
- Reports, magazines, and similar publications or event materials

### Digital

- Email blast and banner
- Websites
- Social Media posts (Facebook, Twitter, etc.)
- Video content

Please contact the Senior Marketing Manager, Meghan Lucero, via email at [mlucero@nahrep.org](mailto:mlucero@nahrep.org) for all matters regarding these guidelines.

## Our Logo

Our logo is the constant that is used in every communication, either digital or printed. The logo should be considered as a pictorial mark, and not a combination of text and graphic elements. Accordingly, all margins, fonts and other elements must not be modified in any way. Accent logo shall only be against the main NAHREP blue, in any other instance where a dark background is required, use the full white logo. Black logo is to only be used when a color print is not available.

Mark is only to be used by NAHREP National in cases such as social media icons, social postings, app icons, and other digital collateral. For print collateral, mark must be positioned alongside any reference to NAHREP's full name.

## Typography

To maintain consistent branding, NAHREP has selected a number of preferred fonts to be used for typography in the creation of branded collateral. Specific use of these fonts will vary depending on the nature of the creative work being developed. Some fonts are best suited to headlines, while others are also appropriate for longer paragraphs of text. Fonts are available in the Logo Pack at [nahrep.org/branding](http://nahrep.org/branding).

20% BLACK

0% BLACK

Use dark version of the logo for 20% black or less.

21% BLACK

100% BLACK

Use white version of the logo for 21% black or less.

## Usage

The size of the logo plays an important role in how our brand communicates with the audience in the way that it was originally intended. The NAHREP logo must always be legible and maintain the integrity of its form and colors. For light backgrounds, the full color version must have 20% black tint or less. If the background is 21% black or more, use the white version of the logo.

**X INCORRECT PLACEMENT**

Logo is incorrectly rotated.

**X INCORRECT COLOR**

Any coloration other than displayed in this booklet is prohibited.

**X INCORRECT SCALE RATIO**

Logo is not scaled proportionally. Final result is squeezed or stretched.

**X INCORRECT COLOR SPLIT**

Logo must be displayed in colors shown in this booklet.

**X INCORRECT TRANSPARENCY**

Logo is not visible because contrast ratio between background and the color of the logo is too low, or transparency is used.

**X INCORRECT BACKGROUND**

Logo cannot be placed against a textured background. This applies to full color logo and white logo.

## Incorrect Usage

The way in which the NAHREP logo is displayed is also important to maintain a consistent branding message. This page illustrates examples of incorrect usage of the logo which apply specifically to the NAHREP pictorial marks appearing in this booklet.

## Additional Logos

NAHREP has various sub-brands including NAHREP Alumni, NAHREP Platinum, and NAHREP CBOG. These programs have colors and marks unique to their brand.

Each NAHREP chapter will have a customized logo which follows the same guidelines as the national logo.
