LATINO AGENTS AWARD

TOP 250

A Report by the National Association of
Hispanic Real Estate Professionals[®]

2020

In association with

 **Zillow**[®]

FOREWORD

Annually, the National Association of Hispanic Real Estate Professionals® (NAHREP®) Top 250 Latino Agents Award recognizes the industry's leading Hispanic real estate agents and brokers from across the country. In its ninth year of publication, the following report recognizes agents whose hard work and dedication has led them to close an outstanding number of transactions in an effort to increase the rate of sustainable Hispanic homeownership in communities across the country.

These agents represent a combined total of 26,476 transactions in closed transaction sides from January 2019 through December 2019 and over \$6.86 billion in total aggregate volume. These hard working agents are set apart from over one hundred fifteen thousand Latinos in real estate through their dedication to homeownership. Recognition of the agents who carry out the NAHREP mission of sustainable Hispanic homeownership in communities across the country has been a priority for NAHREP since the inception of the Top 250 award program in 2012. This year's honorees were selected from over 1,000 self-nominated agents, a testament to the prestige of the award. In addition to the highest ranked agents based on transaction sides, this year's report examines several additional categories among the candidates, including agents by team, distribution by geographic regions, such as the South, Northeast, West, Midwest, and Texas. In addition, the report takes a closer look at agents by volume, top individual agents, and top agents with less than two years in the industry. NAHREP salutes the Top 250 Latino Agents in America and their success year after year. Join NAHREP in recognizing these individuals and their Top 250 Latino Mortgage Originator counterparts on social media using #Top250. ¡Felicidades!

METHODOLOGY

The listing of the Top 250 Latino Agents in America is compiled through broker affirmed self-nomination and recognizes the nation's most successful agents and brokers for their residential real estate transactions. Residential is defined as dwellings with four or fewer units, excluding rental properties, commercial real estate transactions and vacant lots. Once received, NAHREP reviews the nominations for accuracy by validating against other available data, including MLS records, company records, and franchise data. A small number of nominations were modified or disqualified where third-party validation was not available or consistent. Sales production data is representative of the 2019 calendar year. Ethnic background is confirmed through self-attestation. In instances where there is a tie based on transaction sides, higher rank is given to the agent with greater sales volume. NAHREP membership is not a prerequisite for participation or acknowledgement in the Top 250 Latino Agents & Mortgage Originators Awards.
