Ensuring the American Dream®

A Report by the National Association of  
Hispanic Real Estate Professionals

## FOREWORD

The Top 250 Latino Mortgage Originators Award is an annual report by the National Association of Hispanic Real Estate Professionals® (NAHREP®) that recognizes the leading Latino mortgage originators in the U.S. as ranked by the number of mortgages they closed the previous calendar year. NAHREP is proud to recognize these top performing individuals for their contributions toward the association's mission of sustainable Hispanic homeownership.

The Top 250 Mortgage Originators Award was conceived in 2014 after the continued success of the Top 250 Latino Agents Award created a demand for recognition of success in other parts of the industry. The individuals in the following report earned the distinction as Top 250 Mortgage Originator from among nearly 700 mortgage originators nominated for the second annual award.

The group of top producers represents a total of 32,783 closed mortgages, \$8.1 billion in mortgage sales volume and 50 different companies. Wells Fargo topped this year's report with the most individuals recognized on the list, followed by New American Funding and Quicken Loans.

This year's list also includes an additional featured element, recognizing the Top 100 Latino Mortgage Originators from among the non-depository lenders in the report, highlighting the 39 companies in this space whose top originators are serving Latino communities across America. New American Funding led the non-depositories represented on the list, followed by Quicken Loans and Alterra Home Loans.

Their success is a demonstration of the growing influence of Latinos in real estate, both as a profession as well as in the volume of home buyers driving the housing economy.

*Felicidades* to the Top 250 and their continued success! Join the conversation on social media and recognize their achievements as well as their Top 250 Latino Agent counterparts. Share comments using #Top250 on your favorite social media platform.

## METHODOLOGY

The listing of the Top 250 Latino Mortgage Originators in America is compiled through a self-nomination process reflective of transactions closed during the 2015 calendar year. Once received, NAHREP reviews the nomination for accuracy and when necessary seeks validation of data submitted from the respective candidate's company. To be eligible, nominees are required to submit their individual number of closed mortgages to be ranked against other nominees. Nominations may be disqualified or modified where third party validation is not available or consistent. In instances where there is a tie based on number of mortgages closed, higher rank is given to originators with greater sales volume. Ethnic background is confirmed through self-attestation.
